

CloudSat Project

A NASA Earth System Science Pathfinder Mission

Level 2B GEOPROF P_R04 Data Issues

Quality compromised in some areas by thick cloud or precipitation

Opened:	04/30/07	Severity:	NORMAL
----------------	----------	------------------	--------

The quality of 2B-GEOPROF product might be compromised in areas where the Range_to_first_bin field in the 1B-CPR product cannot be accurately calculated. This error affects **granule 4065 of the 2B-GEOPROF product** and might occur in other granules as well.
