

CloudSat Project

A NASA Earth System Science Pathfinder Mission

Level 2B CLDCLASS-LIDAR P_R04 Data Issues

Errors and fixes to the Process Description and Interface Control Document (PDICD)

Opened:	05/28/13	Severity:	NORMAL
----------------	----------	------------------	--------

1. In the old documentation, there are a couple of errors with the Cloud Type. Cloud Type 7 should be Nimbostratus cloud and Cloud Type 8 should be Deep convective clouds.
 2. Cloud phase should have one of the values: 1, 2, or 3 where 1= ice, 2= mixed phase and 3 = water.
